y family. They are wonderfully healthy! The milk I get is exclusively organic- even better, grassfed and

I raw (unpasteurized/unhomogenized). There is no better feeling in the world than knowing I am support

ting local farmers, and indirectly supporting the wonderful care the farmers provide to their cows. We lo

ve drinking the milk knowing it came from happy cows raised on pasture and sunshine. It tastes better t

that way too and is exactly what God gave us. Grassfed beef is unbelievably high in beneficial propertie

as (CLA's, omega's) and has the right proportions of fat compared to grainfed beef for the human body.

Please support the NOSB Livestock committee's recommendations. In return for cows giving us wonde

erful life-giving products, they deserve to be treated with respect- namely pasture, sunshine and space. '

ture, sunshine and space. That is all cows ask for and that is not too i
